Ambassadors of Christ to the Ugandan People

PRAYER REQUESTS AT A GLANCE

- 1 - For meetings to continue to get booked.
- 2 - For safety on the road as we travel.
- 3 - For Amos to accept Christ as his Savior.

Dear Pastors and Friends,

Answer to Prayer:

The Lord has really answered your prayers these past two months. Savannah and I have driven over 3,000 miles. We have been down many highways and seen many drivers on those highways. We praise the Lord for his safety as we have not been in any accidents. Thank you for praying on our behalf!

Unique Circumstance:

As we were driving back from one of our meetings, the Lord orchestrated a unique circumstance. We had gotten off to a later start than we had wanted due to a few situations that were out of our control. As we were about three hours from our home, we hit a very bad storm. The speed limit on the highway was 70 mph, but the cars had slowed down to about 35 mph. We were finally getting out of the storm when a sensor on our car dashboard came on. Savannah looked up the error code on her phone to find out that it was a failed wheel speed sensor. Because that sensor wasn't working, cruise control for the car didn't work. I got off the highway at the first exit and stopped at a gas station to see if there was a way I could get cruise control back. As I was troubleshooting the issue on my phone, Savannah felt the Holy Spirit burdening her to give a gospel tract to the man who pulled up next to us in the gas station. She gave him a tract, and then I drove off because I couldn't find an answer to the cruise control problem. As we stopped at the stop sign to leave the gas station, the sensor on the dashboard went off. The cruise control worked, and the light has never come back on. It was fascinating to see God delay us and then allow the car problem to guide us to a man who needed the gospel that night!

For the furtherance of the Gospel,
Matthew and Savannah Gardner
